SILVER SERIES

High Quality Economical Solution

- Offer customers a cost effective, economical solution that delivers uncompromising quality and dependability
- Use reliable materials such as sturdy steel, durable plastic and a resilient powder coated finish for various environments; meticulously engineered suspension provides seamless performance
- Include features, such as multifunction locks and drawer status reporting, found in more expensive cash drawers
- Has a long life expectancy tested beyond 500,000 operational cycles
- Provides a hardwired printer interface, various till options that support Euro, Pound and all Asian currencies
- Over the course of 25 years, Bumil has established a proven track record of selling over 10M units of cash drawers with reliable and durable qualities to hundreds of global customers in EMEA, North America and Asia
